

Please substitute the following claim 33 for the pending claim 33:

C 47
33. (Once Amended) An isolated Human Tumor Necrosis Factor Receptor-Like 2
protein comprising 30 contiguous amino acids of the complete amino acid sequence encoded by
the cDNA clone contained in ATCC Deposit No. 97059.

Please substitute the following claim 45 for the pending claim 45:

C 48
45. (Once Amended) An isolated Human Tumor Necrosis Factor Receptor-Like 2
protein comprising the mature amino acid sequence encoded by the cDNA clone contained in
ATCC Deposit No. 97058.

Please substitute the following claim 57 for the pending claim 57:

C 49
57. (Once Amended) An isolated Human Tumor Necrosis Factor Receptor-Like 2
protein comprising the mature amino acid sequence encoded by the cDNA clone contained in
ATCC Deposit No. 97057.

Please substitute the following claim 81 for the pending claim 81:

C 50
81. (Once Amended) An isolated Human Tumor Necrosis Factor Receptor-Like 2
protein comprising amino acids 1 to 162 of SEQ ID NO:26.
